

Turn Theory into Practice: Test Your Cyber Recovery Plan with Commvault at Fal.Con 2025

September 4, 2025

Join Commvault for an immersive CrowdStrike-enabled 'Recovery Range' experience, deep-dive sessions, and live demos of its CrowdStrike integrations

TINTON FALLS, N.J., Sept. 4, 2025 /PRNewswire/ -- Commvault, a leading provider of cyber resilience and data protection solutions for the hybrid cloud, is geared up to help customers detect threats, respond quickly, and seamlessly recover data at CrowdStrike's Fal.Con 2025, running from September 15-18 in Las Vegas.

On display at Commvault's booth (#1504) will be the latest integrations between the [Commvault Cloud cyber resilience platform](#) and CrowdStrike Falcon cybersecurity platform, including coordinated cyber recovery and incident response services. Whether visiting the booth to chat with Commvault's product and technical experts, joining the breakout session to learn how Commvault and CrowdStrike work together, taking part in the hands-on Recovery Range experience that includes CrowdStrike Falcon® Insight XDR, or doing all three, Commvault has an exciting week planned.

Witness the Future of Cyber Resilience at booth #1504

Commvault's booth is demo central and the place to be for all things cyber resilience. From [Cleanroom Recovery](#) and [Air Gap Protect](#) to [Cloud Rewind](#) and [Clumio Backtrack](#), visitors can try out the full Commvault Cloud platform. Visitors can also check out key integrations between Commvault Cloud and CrowdStrike, including proactive threat detection, threat event correlation, and comprehensive incident response and readiness services. To learn how Commvault drives unparalleled cyber readiness, [book a meeting](#) and be sure to stop by the booth to pick up some fun swag and be entered into the grand prize drawing.

Breakout Session: Integrating Cyber Defense to Accelerate Recovery and Minimize Data Loss

Join Commvault on **Tuesday, September 16 at 3:00 pm** for a deep dive on the latest integrations with CrowdStrike. Attendees will discover how this powerful collaboration is accelerating coordinated response and recovery and enabling organizations to build integrated cybersecurity and resilience strategies. [Add to your schedule here](#).

Putting Cyber Resilience to the Test: Commvault Recovery Range with CrowdStrike Technology

Preparing for a cyberattack has never been more important – and the [Commvault Recovery Range](#) is here to help. This real-world cyberattack simulation puts CISOs, SecOps, IT Ops, and other attendees in the hot seat where planning, speed, and security can make or break an organization's ability to restore critical business applications and data assets. To see if your response strategy is up to the challenge, [secure your spot](#) on Tuesday, September 16 at Top Golf Las Vegas. Space is limited!

Deepening the Commvault and CrowdStrike Partnership

In April, Commvault and CrowdStrike [announced](#) a unified set of services that deliver best-in-class incident response, cyber recovery, and resilience to joint customers. This followed the [integration](#) of the AI-native CrowdStrike Falcon cybersecurity platform within Commvault Cloud. Together, Commvault and CrowdStrike help customers enhance threat detection and accelerate cyber response and recovery.

To learn more about offerings from Commvault and CrowdStrike, check out the [Partner Page](#) or [visit](#) Commvault at Fal.Con 2025, booth #1504.

About Commvault

Commvault (NASDAQ: CVLT) is the gold standard in cyber resilience, helping more than 100,000 organizations keep data safe and businesses resilient and moving forward. Today, Commvault offers the only cyber resilience platform that combines the best data security and rapid recovery at enterprise scale across any workload, anywhere—at the lowest TCO.
