

Building Cyber Resilience in an AI-Driven World: Join Commvault for SHIFT 2025

September 9, 2025

Annual event features insights from industry leaders, hands-on cyberattack simulations, and exclusive product launches

TINTON FALLS, N.J., Sept. 9, 2025 /PRNewswire/ -- Commvault (NASDAQ: CVLT), a leading provider of cyber resilience and data protection solutions for the hybrid cloud, today announced [SHIFT 2025](#). This year's premier in-person experience will be held in New York City, November 11-12, and promises to be the most transformative and impactful Commvault event yet.

Today, organizations are facing unprecedented levels of change: AI as a benefit, but also as a major security threat; the proliferation of data, but the need to support compliance; and the continued race to the cloud, but the urgent need to protect critical cloud workloads. In the face of these changes and an ever-evolving cyber threat landscape, staying ahead is more important than ever. SHIFT 2025 is crafted to show businesses how to fortify their data security and recovery strategies, helping them remain resilient and competitive in an AI world.

The packed agenda includes:

- **Expert Sessions:** Delve into the latest trends and strategies in AI Governance & Security, Business Growth & Communication, Cyber Resilience & Recovery, Security Strategy & Governance, Threat Intelligence & Operations, and Technical Education.
- **Hands-on Cyber Resilience Workshops:** Enter the Commvault Readiverse to engage in immersive, interactive experiences, including:
 - **Minutes to Meltdown:** Hands-on practice making critical decisions under pressure as you attempt to mitigate cyber threats.
 - **Commvault Recovery Range:** Stress test and refine your cyber threat response strategies – close the cyber preparedness gap!
 - **Cyber Resilience Workshop:** Discover best practices for preparing for and responding to cyberattacks.
- **Industry Experts:** Gain invaluable insights and guidance from top IT leaders and visionaries. This year, Commvault is proud to feature world-renowned pioneer in responsible AI and keynote speaker, Dr. Rumman Chowdhury, who will share her expertise on the ethical considerations of artificial intelligence. Attendees will also hear from experts from HPE, Pure Storage, Deloitte, Constellation Energy, Persistent Systems, World Wide Technology, and more.

How to Sign Up

Commvault is committed to helping organizations stay ahead of evolving cyber threats through knowledge sharing and skill development with SHIFT 2025, empowering businesses to strengthen their data security and recovery strategies.
