

CommVault Announces Ten-City Unified Data Management Tour of China

May 24, 2006

-- With Co-Sponsor Hitachi Data Systems and Distributor Toyou, CommVault will bring the benefits of Unified Data Management to China's business centers --

SHANGHAI, CHINA — May 24, 2006 —CommVault, Inc., with co-sponsor Hitachi Data Systems (HDS), announces the launch of a ten-city tour of China's leading business centers to introduce the benefits of Unified Data Management™ to the growing Chinese IT market. Illustrating CommVault's commitment to the China market, each event will include:

- A demonstration of the CommVault QiNetix™ 6.1 Unified Data Management suite, the leading independent unified data management solution
- A review of the challenges businesses face controlling the operational expense of managing explosive data growth in heterogeneous storage environments
- Guidelines and best practices to assist attendees in understanding how to efficiently and effectively use storage resources
- An introduction to the return on investment (ROI) and total cost of ownership (TCO) benefits of taking a unified approach to data protection and storage management using CommVault QiNetix 6.1 Unified Data Management suite
- Presentations from sponsors HDS, ADIC, Data Domain and Quantum
